

## How to Use Scotch® Double-Sided Tape for Scrapbooking

### Family Heritage

A great way to display old family photos is to showcase your heritage with an old world theme. Layered paper and frayed burlap are attached to this design using **Scotch® Double-Sided Tape**.

Difficulty – Medium

### Materials

- Old world patterned 12 x12 inch scrapbooking paper reflecting your family's origin
- 1 sheet of brown cardstock (for mounting )
- 1 sheet beige marbled cardstock
- Brown burlap fabric
- 4 bronze metal brads
- Brown hemp string
- 1 bronze medallion with a hole in the center
- **Scotch® Double-Sided Tape Permanent and Removable** (for attaching paper and burlap)
- **Scotch® Precision Scissors** (for cutting paper, burlap and string)
- **Scotch® Quick-Dry Adhesive** (for attaching string and medallion)
- **Scotch® Black Photo Corners** (for attaching picture)

### Instructions

1. Using **Scotch® Precision Scissors**, trim the old world patterned scrapbooking paper so it measures 11-1/2 x 11-1/2 inches.
2. Using **Scotch® Permanent Double-Sided Tape**, apply strips of tape to the wrong side of the top, bottom and sides of the brown textured scrapbooking paper and attach it to the center of brown mounting paper.

3. Using **Scotch® Precision Scissors**, cut a piece of the beige marbled cardstock 1/2 inch larger than the length and width of the size of the picture
4. Slide a **Scotch® Black Photo Corner** on each of the photo's corners and attach it to the center of the cardstock.

5. Using the **Scotch® Precision Scissors**, cut a piece of the burlap 11-1/2 inches wide and 1 inch smaller than the width of the photo. Fray 1/2 inch of the edges on all sides.

6. Using **Scotch® Permanent Double-Sided Tape**, apply strips of tape to the wrong side of the top, bottom and sides of the burlap and attach it to the page about 1-1/2 inch from the right edge and lined up with the top and bottom edge of the scrapbooking paper.

7. Apply strips of **Scotch® Permanent Double-Sided Tape** to the wrong side of the photo and attach it to the burlap, centered between the top and bottom edges of the page.

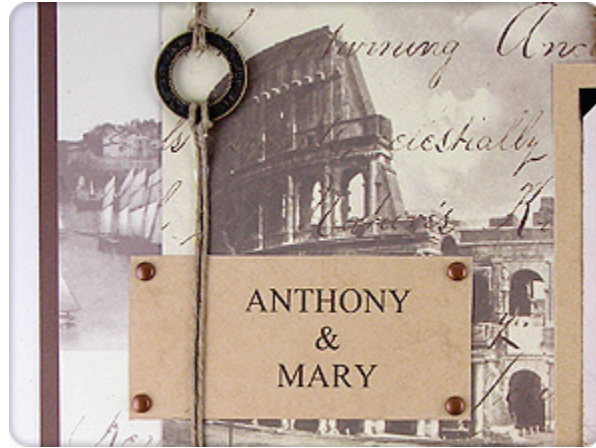

8. Print the title onto the beige marbled cardstock. Using the **Scotch® Precision Scissors**, cut out the label so it measures 4 inches x 2 inches and it is off centered 1 inch from the left edge.

9. Using **Scotch® Removable Double-Sided Tape**, apply strips of tape to the top, bottom and sides of wrong side of the beige cardstock label.
10. Attach the label centered between the right edge of the burlap strip and top and bottom edges of the page. The removable double-stick tape allows the label to be repositioned without damaging the paper.

11. Punch holes in the corners of the name label and insert the bronze brads to secure it to the page.
12. Cut an 8 inch piece of the hemp string with **Scotch® Precision Scissors**. Fold it in half and feed through the brass medallion, threading the ends through the looped end of the string to tie it to the medallion. Cut a 20 inch piece of the string and repeat the process on opposite side of the medallion.
13. Using **Scotch® Quick-Dry Adhesive**, apply glue to the wrong side of the medallion and attach it about 2 inches from the top edge of the page and so the string tails are centered between the left edge of the name label and the printed name as shown below.

14. Apply a thin line of glue under each of the string tails to secure it to the page. Trim any excess that extends beyond the scrapbooking paper.
